WHO I AM

Professional Summary

Senior Security Service & Surveillance Technician with strong hands-on experience supporting live surveillance and electronic security systems in high-availability environments.

Experienced in enterprise CCTV systems, fault diagnosis, preventative maintenance and camera optimisation, with solid knowledge of IP-based video networks.

Proven ability to respond to incidents, support operational teams and maintain system reliability in regulated and continuously operating sites.

Background includes ownership of a private electronics business in Greece (2003–2015), providing a broad foundation across telecommunications, CCTV, network infrastructure and customer support.

Notable Projects

Sydney, NSW 8 PROJECTS ▼

Opal Tower — Sydney Olympic Park

Sydney, NSW | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for one of Sydney Olympic Park's landmark high-rise residential towers — a high-availability, high-occupancy site requiring continuous system uptime.

[View Building →](#)

Granville Place — Granville, NSW

Granville, NSW | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for a major 618-apartment, three-tower residential and retail development — coordinating system reliability across multiple buildings on a single large-scale site.

[View Building →](#)

Burwood Grand — Burwood, NSW

Burwood, NSW | Epsilon Security, 2016–2023

three residential towers, retail tenancies and council chambers — supporting over 1,000 residents on a continuously operating site.

[View Building →](#)

Schofield Gardens — Schofields, NSW

Schofields, NSW | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for ALAND's award-winning masterplanned residential community — a multi-stage, multi-building development supporting thousands of residents across the precinct.

[View Building →](#)

Wicks Place — Marrickville, NSW

Marrickville, NSW | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for a 270-apartment urban village across five boutique buildings, anchored by a retail precinct overlooking Wicks Park.

[View Building →](#)

Macquarie Rise — Macquarie Park, NSW

Macquarie Park, NSW | Epsilon Security, 2016–2023

The Establishment — Gungahlin, ACT

Gungahlin, ACT | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for a 14-storey, 270-apartment residential tower with retail and dining precinct, in one of Canberra's fastest-growing town centres.

[View Building →](#)

WOVA — Phillip, ACT

Phillip, ACT | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for a four-tower, 800+ apartment mixed-use precinct in the heart of the old Woden Town Centre regeneration.

[View Building →](#)

Aspen Village — Greenway, ACT

Greenway, ACT | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for Tuggeranong's first true mixed-use precinct — 570+ apartments and over 30 commercial tenancies serving 3,000+ residents.

[View Building →](#)

Marella by Mosaic — Broadbeach, Gold Coast

Broadbeach, QLD | Urmet Australia, 2025–Present

Combined service across CCTV/surveillance, access control and intercom systems for a 30-storey luxury residential tower with hotel-style amenities, overlooking the Gold Coast's Broadbeach coastline.

[View Building →](#)

Lily by Mosaic — Broadbeach, Gold Coast

Broadbeach, QLD | Urmet Australia, 2025–Present

Combined service across CCTV/surveillance, access control and intercom systems for a 98-residence luxury tower opposite Nikiforides Family Park, sister address to Marella with full ocean views.

[View Building →](#)

The Witton — Indooroopilly, Brisbane

Indooroopilly, QLD | Urmet Australia, 2025–Present

Combined service across CCTV/surveillance, access control and intercom systems for a sold-out, 141-apartment boutique development across two buildings with city, river and hinterland views.

[View Building →](#)

The Mowbray — East Brisbane

Combined service across CCTV/surveillance, access control and intercom systems for a \$96M, sold-out 82-residence development opposite Mowbray Park and the Brisbane River.

[View Building →](#)

Meriton Suites Southport — Gold Coast

Southport, QLD | Urmet Australia, 2025–Present

Upgraded the CCTV/surveillance system to [Network Optix Nx Witness](#), including the upgrade of over 280 cameras across the 55-storey Sundale Apartments tower — the tallest building in Southport, housing 208 hotel suites above level 25.

[View Building →](#)

WHITE Main Beach — Gold Coast

Main Beach, QLD | Epsilon Security, 2016–2023

Combined service across CCTV/surveillance, access control and intercom systems for a boutique 27-residence, full-floor luxury building between Tedder Avenue and Main Beach.

[View Building →](#)

Lotus Tower — Kangaroo Point, Brisbane

Kangaroo Point, QLD | Urmet Australia, 2025–Present
